

PowerWave

PowerWave 780 - This 7-person spa is fully loaded! Made from our premium Blue Mineralite acrylic with a full-size built-in lounge, it features 76 jets with stainless steel accents that are powered by a tri-pump, 12.0 HP system.

It also has the Aqua Sonic Sound System which features a JBL CD/AM/FM stereo with internal transducers and a subwoofer - transforming the shell of your spa into a giant speaker.

A multi-color digital surround lighting system and factory-installed ozonator make the PowerWave 780 the ultimate treat for all of your body's senses.
